Tiny Tots Need Finest Teachers

"One cannot reason with an attitude, one can only achieve insight into it" Dr. Leyda Lythgoe, Victoria, psychiatrist, told members of the Victoria University Women's Club when she spoke at a meeting on Wednesday evening in the Business and Professional Women's clubrooms.

"Our attitudes to ideas, to people and the things are picked up with our mother tongue and from the same people, who, in turn, acquired their ideas from their parents. A good domestic education is needed by both parents if they are to be good mature parents who see each child as a potential person and guide him according to the goals they hope he may reach."

There is no rule book that tells how to become a mature personality, the speaker said. Early grades of elementary schools need the most mature people as teachers. The child at this stage is just beginning to weave adults into his tapestry, and his first teachers have a tremendous influence on his attitudes. It is important that they be well educated, well respected and well paid.

Dr. Lythgoe spoke warmly of the need for more study in the humanities — literature, history, civic, at all levels of the educational system.

The speaker was introduced by Mrs. Norman Clark and thanked by Mrs. J. T. Fyles.

GIFT TO UBC

Mrs. C. D. Stockdill presided at the meeting when it was decided to send a gift to the new International House at the University of British Columbia.

April 4 was the date set for the annual Scholarship Tea to be held at the Oak Bay Beach Hotel and the dinner meeting will be held at the Pacific Club on April 22 when Mrs. A. S. Morton, president of the Canadian Federation of University Women will be guest of honor. Miss Margaret Gill was named delegate to the Vancouver Island Citizenship Conference and Mrs. Stockdill, Mrs. J. M. Thomas, Mrs. B. A. Daykin and Mrs. A. J. Tullis to the Local Council of Women.
